

GONSTEAD

MT. HOREB, WISCONSIN 53572

**SEMINAR OF
CHIROPRACTIC**
P.O. Box 46
AC. 608-437-5585

C. S. GONSTEAD, D.C.
GUEST SPEAKER AT
WORLD CHIROPRACTIC CONGRESS,
MONTREUX, SWITZERLAND.

In this lateral cervical view . . .
DO YOU SEE:

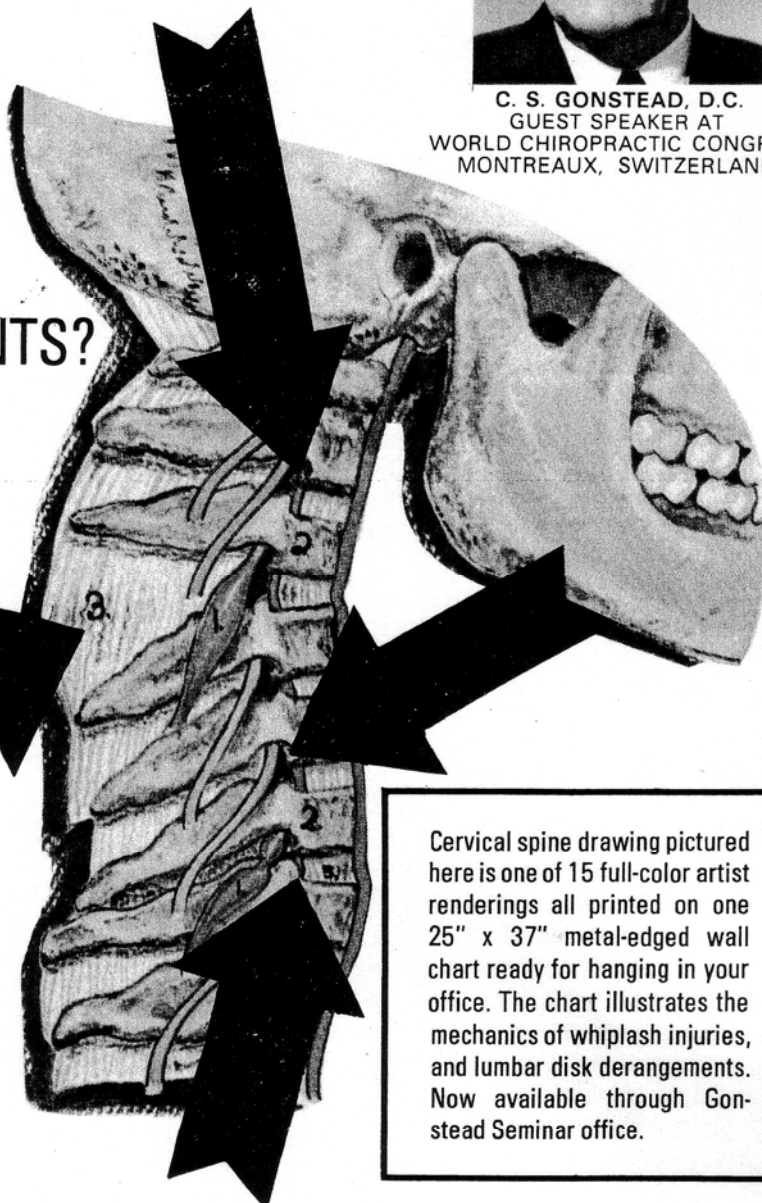

- 1) SWOLLEN NERVES**
- 2) MISALIGNED VERTEBRAE**
- 3) STRETCHED LIGAMENTS?**

This artist's rendering shows the result of a cervical whiplash injury.

If this were your patient . . .
COULD YOU FIND THE NERVE PRESSURE?
COULD YOU CORRECT IT PERMANENTLY?
DO YOU SEE A SUBLUXATION HERE?
 . . . A COMPENSATION? WHICH
WOULD YOU ADJUST? WHY?
HOW? WHEN?
WHAT RESULTS WOULD YOU EXPECT TO GET?

The answers to these and many more questions are explained in detail at every Gonstead Seminar.

If you cannot completely, thoroughly and competently answer every question on this page **YOU NEED A GONSTEAD SEMINAR.** If you can answer every question, chances are you have been to a Gonstead Seminar, and know the value of returning for advanced study under the supervision of Dr. C. S. Gonstead.

Cervical spine drawing pictured here is one of 15 full-color artist renderings all printed on one 25" x 37" metal-edged wall chart ready for hanging in your office. The chart illustrates the mechanics of whiplash injuries, and lumbar disk derangements. Now available through Gonstead Seminar office.

Make sure you have all the answers—ATTEND A GONSTEAD SEMINAR.
