WHAT THIS OFFER MEANS TO YOU

- A SUBSTANTIAL SAVINGS OF SEMINAR FEES
- MORE RAPID DEVELOPMENT OF GONSTEAD SKILLS

The Gonstead method of full-spine analysis and adjusting technique cannot be learned all at once; it takes time and repeated instruction. But, once learned and properly applied the Gonstead chiropractic procedure always gives **results**.

To receive the greatest benefit from Gonstead Seminar class sessions, classes need to be close enough together so that the student will not forget what he has learned, and far enough apart so that the student will have an opportunity to practice what he has been taught before returning to another Seminar.

With this in mind, the Gonstead Seminars from May to Oct have been scheduled 4 weeks apart to provide more opportunity for a greater number of chiropractors to develop their skill and proficiency in the Gonstead method of chiropractic analysis.

- COMPLETE GONSTEAD CLINIC FACILITIES

The Gonstead Clinic of Chiropractic in Mt. Horeb was built to accommodate chiropractic Seminar classes. The Clinic is fully equipped with large, spacious Seminar classrooms, complete sets of Gonstead equipment for practice and demonstration, Gonstead x-ray view boxes with selected pre and post x-rays, graphics, movies, slides, plastic spines for demonstration, and closed circuit TV.

- A SPECIAL GONSTEAD SEMINAR DIPLOMA
