

Constead Clinic of Chiropractic, Mt. Horeb, Wisconsin (reception area)

## A LEGEND IN ITS OWN TIME . . .

Every day of every week the reception room at the Constead Clinic in Mt. Horeb, Wisconsin, is filled.

A typical day might bring to the Clinic low back syndromes, M.S. cases, heart conditions, gastrointestinal disorders, rheumatoid arthritis, whiplash injuries, or even fractured vertebrae. No matter what the symptom, every person accepted as a Clinic patient gets help; and those who get help get results.

This is because Dr. Constead follows a formula he has researched and developed during more than 46 years of practice. He *finds* the subluxation, *accepts* it where he finds it, *corrects* it, and *leaves* it alone. The formula pays off in results; 85% of the patients at the Constead Clinic completely recover. The rest are improved.

Successes such as these at the Constead Clinic

are more than legend; they are direct results of what Dr. Constead does to each spine. The methods used are systematic; they are based on rules. They are scientific in their application. And, what's more, these methods can be *duplicated*.

**This means that the same successful results can be achieved by any chiropractor who will conscientiously learn and faithfully follow the Constead system.**

And, that is where the Constead Seminar of Chiropractic serves its purpose. The Constead Seminar exists solely to teach you every detail of Dr. Constead's work. Seminar instruction prepares you every step of the way from the basic class in theory to advanced work in application.

Find out now the *truth* behind the legend. Be present at the next Constead Seminar of Chiropractic.

\*ADDITIONAL SEMINAR—Basic Class Only, May 13-16, Dallas with Parker Seminar—register with Parker
