C. S. GONSTEAD, D.C.
Director, Gonstead Clinic
and Gonstead Seminar

The illustration (below, right) reveals pictorially what Dr. C.S. Gonstead has researched and proven during his more than 46 years of Chiropractic practice, and what he teaches in detail during every Gonstead Seminar:

The SWOLLEN DISK PRODUCES NERVE PRESSURE

... NOT THE BONY STRUCTURES OF THE
INTERVERTEBRAL FORAMEN!

This is why a Gonstead correction of nerve pressure is more than just an adjustment... it is a *scientific* "setting" of the affected vertebra *ONTO* the disk below. Details of the Gonstead full-spine, 14 x 36 x-ray interpretation, spinal analysis, instrumentation procedure, and full-spine adjusting technique are taught during every Gonstead Seminar.

*ATTEND REGULARLY FOR BEST RESULTS.
